# Majestic View Ministry

Dear Friends and Supporters,

This month found us with more snow and wondering if spring was ever going to get here. Even with some storm clouds in the distance, the grass, and weeds, are turning green which means warmer weather must be on its way.

We want to thank those of you who prayed for Clyde's surgery. It went well and Clyde is "being a good boy". We pray for full recovery so that he can get back to doing some of the things he would like to do.

This has been a month of sadness and blessings. As some of you already know, a friend and supporter passed away. Clyde was able to visit with him in March when we were in Iowa. Clyde went back to do the funeral and was able to talk with some of the family. We are thankful that even in this precious man's death, Christ is seen.

Clyde was home for just a few days, when the phone call came that the fire truck in Illinois needed to be picked up. Through a friend, Clyde was able to get a flight back and is driving the truck home. It gets about 5 MPG with a top speed of about 62mph, so Clyde is experiencing what "Sunday drivers" must feel like with everyone passing him. The firemen in Illinois were great in furnishing many things needed with the truck, and Clyde was able to pick up the flowers in Iowa to use around camp. He must be quite a sight driving on the freeway.

Janet had a basket retreat with 18 ladies, plus Abbie and Susie (Clyde's daughter) helping. Pete (son-in-law) and Clyde also helped Grandma Hudlet in the kitchen. It was a great weekend. Here is a picture of what it looked like after several of the baskets had been stained. Nathaniel made the drying rack.

Thank you for your prayers and support,

Clyde & Janet Miller
