

# MAJESTIC VIEW MINISTRY

March 2009

Dear Friends and Supporters,

“Let it Snow! Let it Snow! Let it Snow!” This seems to be the theme of March in Montana. The forecast of snowy weather is to continue into April. Much of the snow in town has melted, but out here we still look like we are in the middle of winter with more snow falling. The open fields still have about a foot of packed snow on them. Even if we would prefer to see some sunshine, we are thankful for the moisture and know God has a plan for all this.

Our trip back to Ohio went well as we were able to spend time with Clyde's family for a few days. His aunt and 2nd cousin from Arizona were also visiting, and his oldest cousin whom Clyde hadn't seen for nearly 30 years surprised us by spending an afternoon. It was fun to relive some of the stories of the past.

Traveling back through Iowa, we were able to pick up a new freezer and meat, both of which were donated to the camp. What a blessing! Janet was also able to do a day basket retreat with about 30 ladies. We had asked for speedy weaving and the Lord answered. It was amazing to be a part of so many women completing what they did in the amount of time they did it. Everyone pitched in to help others and to clean up so that by the time Janet helped the last one finish, we could walk out the door and head for the gathering planned at the Pizza Ranch. Iowa women are incredible! Clyde was also able to spend time with a dear friend and supporter who is in the hospital. Please pray for God's will in this precious man's life.

Please be in prayer for Clyde's surgery which is scheduled for April 10th. Just this morning the Lord answered the prayer of how we were going to pay the deposit required before the surgery. We are thankful for the Lord's servants who are willing to help where ever needed. It is great to be a part of the family of God!

We were also greatly blessed by the donation of another fire truck. Clyde, and perhaps a neighbor, will be going to Illinois to pick it up in May. It is a 1979 GMC 1000 gallon pumper. It is 15 years newer than one of the ones we have now; and actually runs, unlike one of the ones we have now. :)

Thank you for your faithful prayers and support. Please pray the upcoming summer, as well as a basket retreat scheduled for April 24-25th.

Clyde, Janet, and Family
