*February 2009*

---

Dear Friends and Supporters.

We were beginning to think that spring was coming as the temperatures were warming and snow was beginning to melt. Wrong! It snowed again and the trees are once again heavy with their white burden. It is very beautiful and we need the moisture in the mountains.

In the last letter, we neglected to mention that we had a retreat at the end of January with a couple local churches using our facility for their ladies retreat. It was great seeing familiar faces and meeting some new ones. They were a great group.

We are making plans to head east the beginning of March to take that trip we had to postpone in December. We will be staying at Clyde's mom's house in Ohio and with friends along the way. We are hoping to get to the Creation Museum in Kentucky as we will be "relatively close" in Ohio. Plans are being made for a one-day basket retreat in Iowa. It will be a busy day, so anyone who wants to pray for "weaving speed" would be fine with Janet. :) We are trusting God with the number. It will be fun.

The funds have not come in to put the floor in the fire hall so that will be postponed until the funds do come in. We will trust God to bring the money when it is His time to do the work.

We hope to see some of you on our quick trip and look forward to seeing even more of you this coming summer. Thank you to all who support us in prayer, encouragement, and finances. We greatly appreciate all of you.

Clyde& Janet Miller and kids

PS. Clyde's shoulder surgery is scheduled for April 10th.
