January/February 2010

Dear Family and Friends,

Normally when we write to you at this time of year we tell you how most of our time is spent dealing with snow. However, this year has been quite different with us receiving very little snow this whole winter. Clyde has only plowed twice. We have been much different than much of the country this year. Abbie is the only one not happy with the lack of snow. She is definitely our “snow baby.”

The year began with a “late Christmas” we enjoyed with Janet’s family. It was fun to be together and for the first time some of us had hiked to the falls (behind Grandma’s house) in the winter. It was beautiful! Soon after that, Carolyn (Grandma) Hudlet and Janet’s sister spent two weeks in Texas helping to take care of some things after the sudden passing of Carolyn’s brother. We are thankful he had accepted Christ and is now in the presence of Christ. It was almost colder down south than it was here at the time.

Clyde has been working out to help pay the bills and has even been able to do jobs that are normally done in the milder seasons. We are thankful for the work the Lord has provided. Work continues on the fire hall with insulating, painting, getting doors and windows in, and many other smaller projects in that building. With the milder weather, various jobs around the sawmill have been done. If it weren’t so muddy, we would like to do some more outdoor projects, but are waiting for it to dry out a bit.

We appreciate your prayers for this coming summer as we have 6 weeks scheduled so far. We are thankful for the ones who are coordinating each of these groups. We also know that with the dry winter, can come a very dry summer which can be a dangerous fire season. Please pray as we prepare even for what we hope will not be needed.

We would also appreciate your prayers as Janet has several basket retreats in the planning.

The Millers
