

MAJESTIC VIEW MINISTRY

June/July 2009

Dear Family and Friends,

Praise the Lord! The money for the concrete in the fire hall has come in and the floor has been poured. The Lord provided the funds and just the right group to help with tubing (in-floor heating), rebar, and almost 80 yards of concrete. July 23rd began at 6:30 with breakfast for the workers, and then the first concrete truck at 7:05. Everything went smoothly with plenty of willing and able hands to do whatever was necessary. By the noon meal the concrete was all in place with just some troweling left to do.

Other projects have been done as well. The ceiling in the Carolina Cabin was finished, tile was laid in both the Rivard/Wallace Cabin and the Plate Cabin. The walls were also sanded and painted in the Plate Cabin. We hope to make much more progress when the next group arrives.

We thank the Lord for His provision.

In Christ,
Clyde E. Miller, Director
